Major Transportation Routes

### Administrative Information

This map was created by Dr. William A. Bowen for the publication and public availability of the world. It was prepared by the author using data from the U.S. Geological Survey, the U.S. Census Bureau, and other sources. It is not intended to be used for navigation or other purposes. Copyright © 2000, Dr. William A. Bowen.

The California Geographical Survey (CGS) is an Internet-based project by Dr. William A. Bowen, professor of geography, and members of the Department of Geography and the College of Social and Behavioral Sciences at California State University, Northridge. The CGS is a public, non-profit organization that provides free, open access to its maps and data. The CGS is a part of the California Geographical Survey, which is a part of the California State University, Northridge.

Users of this map are encouraged to report additions and changes to the map. The CGS is a public, non-profit organization that provides free, open access to its maps and data. The CGS is a part of the California Geographical Survey, which is a part of the California State University, Northridge.

The mission of the California Geographical Survey is to provide online access to the California Geographical Survey's data and maps. The CGS is a public, non-profit organization that provides free, open access to its maps and data. The CGS is a part of the California Geographical Survey, which is a part of the California State University, Northridge.

Dr. Bowen's work is supported by the California Geographical Survey. The CGS is a public, non-profit organization that provides free, open access to its maps and data. The CGS is a part of the California Geographical Survey, which is a part of the California State University, Northridge.
